Special Consultant to the President  
The White House  
Washington, D. C.

Dear Clarence:

STAT I have your letter of 28 January requesting an extension of [ ] assignment to the work of the President's foreign economic policy program.

STAT I understand your feeling that it would be difficult to replace [ ] at this point in your progress and that it would be helpful to have him stay on with you until your program is through the Congress. Therefore, though we do feel his absence keenly, I will extend his time with you until 30 June as you requested.

Sincerely,

Allen W. Dulles  
Director

Dear Allen:

My attention has been drawn to the fact that on the record as it stands, the service of [redacted] on the work of the President's foreign economic policy program is supposed to terminate on March 13, 1955.

STAT

That would be a very serious blow from my point of view. As I have written you earlier, [redacted] is doing his job admirably. He now understands our subject-matter thoroughly, and he has a high degree of acceptance among the staffs of the various agencies with whom he works. Our subject is at the crisis, as you know, and it would simply be unthinkable for me to try to replace him at this time.

STAT

I do so hope you may see your way to extend his service until our program is through the Congress.

I would suggest June 30, 1955 as the date for the extension.

Sincerely yours,
